

Recommendation Letter

Date: 25/06/2026

To Whom It May Concern,

It is my great pleasure to write this letter of recommendation for Hassan Ahmed Bahathiq, who graduated from the Cybersecurity Department, College of Computing, Umm Al-Qura University, in the second semester of the academic year 1447H (2026).

As the Head of the Cybersecurity Department, I had the privilege of teaching Hassan in several courses, including Technical Reports and Cybersecurity Trends and Innovation. This provided me with an excellent opportunity to closely evaluate his academic performance, technical capabilities, and personal qualities over an extended period.

Throughout the courses I taught, Hassan consistently demonstrated outstanding academic excellence, earning an A+ grade in each of them. His performance reflected not only a strong understanding of cybersecurity concepts but also excellent analytical thinking, dedication, intellectual curiosity, and a genuine passion for learning.

Beyond his academic achievements, Hassan is a distinguished individual with exceptional personal qualities. He is highly cooperative, respectful, responsible, and always willing to support his classmates and contribute positively to group activities. His professionalism, integrity, and ability to work effectively with others have earned him the respect of both his peers and faculty members.

Throughout my interactions with Hassan, I found him to be a motivated, disciplined, and dependable student who consistently strives for continuous improvement. I am confident that his technical competence, strong work ethic, and collaborative spirit will enable him to excel in both professional and academic environments.

Having taught many students throughout my academic career, I can confidently say that Hassan Ahmed Bahathiq is among the distinguished students I have had the pleasure of teaching. I have no doubt that he will be a valuable asset to any organization or graduate program and will continue to make meaningful contributions to the field of cybersecurity.

I therefore recommend Hassan Ahmed Bahathiq with my highest recommendation and without any reservation.

Should you require any additional information, please do not hesitate to contact me.

Sincerely,

Dr. Ahmad Abdullah Alagil
Head of the Department of Cybersecurity
College of Computing
Umm Al-Qura University
